NON-DISCRIMINATION POLICY STATEMENT

The Bangor Area Comprehensive Transportation System (BACTS), as a recipient of Federal financial assistance and under Title VI of the Civil Rights Act of 1964 and related statutes and regulations, is committed to ensuring that no person shall, on the grounds of race, color, national origin, gender, age, disability, income, or limited English proficiency, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity conducted by BACTS, regardless of whether programs and activities are federally funded or not.

September 30, 2020

Sara Devlin

Sara Devlin
BACTS Executive Director

Purpose of this Report

The Metropolitan Transportation Planning and Programming regulation requires that (per Title 23 §450.334):

“on an annual basis, no later than 90 calendar days following the end of the program year, the State, public transportation operator(s), and the MPO shall cooperatively develop a listing of projects (including investments in pedestrian walkways and bicycle transportation facilities) for which funds under 23 U.S.C. or 49 U.S.C. Chapter 53 were obligated in the preceding program year.”

Listing Requirements

Title 23 §450.334 requires that the Bangor Area Comprehensive Transportation System (BACTS), as the Metropolitan Planning Organization (MPO), publish a listing of projects that obligated federal transportation funds in the previous federal fiscal year including investments for highway improvements, transit projects, bus facilities, bicycle and pedestrian facilities, signal and intersection improvements, etc. This listing is publicly posted on the BACTS website.

The listing must include all federally funded projects authorized (or revised to increase obligations) in the preceding program year, and at a minimum, must include:

- Sufficient description to identify each project;
- Identification of the agencies responsible for carrying out each project;
- Amount of Federal funds requested in the TIP for each project;
- Federal funding that was obligated during the preceding year for each project;
- Federal funding remaining and available for subsequent years for each project.

Report of FFY 2020 Obligated Projects

The obligation report has been developed using data from the Maine Department of Transportation (MaineDOT), Federal Transit Administration (FTA), and the City of Bangor.

This report is divided into two sections:

- Federal Highway Administration (FHWA) funded projects, which includes State and local highway projects; and
- Federal Transit Administration (FTA) funded projects, which includes transit projects.
