

Traffic Incident Management

Southern Penobscot County TIM Group

Traffic Incident Management (TIM) Committees are groups of stakeholders consisting of law enforcement, fire, rescue, towing, recovery, and transportation agencies interested in enhancing traffic incident management on Maine's roadways.

The Southern Penobscot County Group members are made up of multi-disciplinary agencies including representatives from the tan shaded areas on this map. The Northern Penobscot County Group is currently being formed and includes the areas shaded in green.

Below is a list of those currently involved with the Penobscot County Group.
